

Fred J. McGlynn, M.D.

Dr. Fred McGlynn is a member of the Joint Reconstruction team at Tuckahoe Orthopaedics. He specializes in joint replacement surgery of the knee, hip and shoulder. Fred received his medical degree from University of Virginia. After completing his internship and residency at University of Iowa, he was awarded a fellowship in Adult Reconstruction and Children's Orthopaedics; also in Iowa. He returned to Virginia to practice orthopaedics and has now been with Tuckahoe Orthopaedics for 31 years.

Fred has a passion for mission work and has traveled all over the world to help children and adults in need. He's the co-founder of Salva Vida Medical Foundation. This foundation is devoted to saving lives through mission trips to impoverished countries. More recently, he's organized and participated in numerous trips to Haiti since the January 2010 earthquake.

Sports have always been important to Fred. He played soccer while at University of Virginia. He continues to play competitive tennis. He also enjoys hiking and spending time with his family...which now includes three grandchildren!
